THE ACCOUNTS.

Don't Exchange With Reht. Ritchie.

Ald. Donnan for the public works com-

mittee reported that the committee could

not recommend that the offer of Reht.

Ritchie for exchange of a portion of his

property for part of Strathcona was

accepted. He also stated that the

committee had been informed that the

bridge had been intended regarding

with Cook bridges and the government

was willing to go ahead with the bridge

at once if the city secured the portion

of land necessary from Donald Ross at

an estimated cost of \$200.

Ald. Tupper raised a complaint against

some boys in his locality breaking some

pipes and also tampering with the

flow of the water mains. The chief of

police and the waterworks superintendent,

Mr. Turner, also spoke in explanation

of their action.

\$40,000 for the Bridge.

The bridge committee for the voting

of \$40,000 towards the traffic section of the

high-level bridge was submitted and got

its first and second readings. It will

be given a third reading at a special

meeting to be held at 8 o'clock this

evening and a second bid will be provided

for a general fair when the bridge is

completed will also be passed.

Ald. Tupper spoke strongly in urging

that no step be left untried in order to

secure the proposed bridge. He claimed

that the bridge would add at least 25

percent to every piece of property in

the city. He was favor of submitting

a bid for \$40,000 with the condition

of a five-cent grant. He would not

endorse any bid that was not paid for

a five-cent grant if necessary he would

go as far as to give a grant of \$50,000

towards the bridge.

In Railway Up to Agreement.

Ald. Richards inquired if the street

railway had expended the necessary

\$2,000 in Strathcona and had built

three miles of track as called for before

the first of November, 1905, by the

charter. This money he contended was

not included in what was paid for paving

the street. It was up to the city to erect a

half-hour service as was the bridge as

called for by the charter. The three

miles of track did not include double

track or spurs. This question was fur-

ther referred at some length but no

action was taken.

Ald. Elliott inquired if anything was

going to be done with reference to the

widening of the street at the Cameron

house. The committee had been dili-

gently over this for months and it was

time that action be taken.

Sunday Street Car System.

Mayor Duggan said that Capt. Taylor

had been over in Strathcona several days

and had again asked when it was

the intention of the council to submit

a busby street car system. He stated

that several of the address thought

that a busby street car system was

a matter until the streets had been put

in proper shape as he had asked a

number of them.

After some further informal discussion

the meeting adjourned and ordered to

be held.

The following accounts were submitted

during the meeting and ordered to be

paid.

The accounts for the week were as fol-

low:

LOSS BY GREAT GALE EXCEEDS \$1,000,000

Damage to Property and by Loss of Time Reaches This Enormous Total. The Owners are in a Bad Way—Docks and Almost Every Industry Involved.

Port Arthur, Oct. 18.—Astray from the direct loss of property occasioned by wrecks and other items of damage sustained by the storm of last week, which is now blowing itself out and allowing boats to move again with their usual regularity, the loss to commerce is well over a million dollars.

There is no way of making a direct estimate of the figures that would cover the losses, but there are so many affected by the tip that it is quite safe to say that the million dollar mark was easily reached in the six days that the heavy wind prevailed. Well-informed shipping men estimate the damage to the docks as probably forty Canadian vessels seriously affected and a fair estimate would divide these equally on the three lakes, Superior, Huron and Erie.

Every boat that came in from the lake, and only a few were able to get out on any of the days, were out some loss of time. Even the big C. E. and Northern Navigation steamer, which ran close to the shore, lost a few hours on each trip. What is regarded as a fair estimate of time lost by boats is between one and a half and two days for each trip.

By reason of the fact that expenses would go on just the same, whether of crews and fuel bills, the loss to the steamship owners would be the total of their possible earnings. The average earnings of a Canadian lake vessel is set at \$300 a week. That means the loss in receipts for freight carried would amount to about \$200,000.

Not only just the loss of earnings, but the loss in receipts for freight carried would amount to about \$200,000. The loss in receipts for freight carried would amount to about \$200,000. The loss in receipts for freight carried would amount to about \$200,000.

First the losses on the docks have been heavy. The owners of Port Arthur and Port William docks have lost about 1,000 men employed on the docks, who have no work when the boats are not running. Giving them twice the day for six days their loss totals about \$150,000. That means a loss of 12 hours a day work or 72 hours for the week, therefore their loss in earnings, that which would be paid for 72 hours work paid at about 21 cents an hour.

Best Owners Biggest Losers. Recently a big vessel plant in the city was tied up for three weeks while waiting for the delivery of a piece of machinery that was delayed such an unavoidable way as this storm, has held many other articles. It has been estimated that the loss to the boat owners and men employed on the docks is over \$1,000,000.

When all others involved are included. The best owners and men employed on the docks is over \$1,000,000. When all others involved are included. The best owners and men employed on the docks is over \$1,000,000.

Strike Declared Off. The sheet metal workers have officially declared their strike off, having obtained a settlement by conference with the employers. The settlement of the strike has brought the sheet metal workers back to work.

HE IS A MODERN SOLOMON. How Pennsylvania Magistrate Dealt Ourselves To His Glee. York, Pa., Oct. 19.—The ownership of two geese, the subject of a famous case before Judge J. Edgar Hoover, was decided by the Magistrate, who has decided the case in his own way.

Charles Hake, of Newbury township, had raised two geese and found them a nuisance. He had them taken to the home of A. E. Witmer, Cornsboro township, a mile and a half away.

A day after a word of recovery was served the geese were again in Hake's yard and he permitted them to run with his flock. He was told to get them out of his yard and he did so.

TAKING OVER OF BANK IS HELD TO BE VALID

Official Referee in Ontario—Montreal Bank Deal Gives This as His Opinion. The Ontario Bank directors have taken over the bank and the deal is held to be valid.

Toronto, Oct. 19.—That the deal by which the Bank of Montreal took over the Ontario Bank when the latter failed three years ago was valid and binding, such was the judgment handed out by George Kappelle, official referee in that case, this morning.

This practically has the effect of establishing the claim of the Bank of Montreal against the Ontario Bank assets for \$2,487,022.25, though it does not state that the amount of the claim is correct.

It is more than possible that as the deal was referred to the official referee by the Ontario Bank directors did not need to call a meeting of their shareholders to have the agreement with the Bank of Montreal ratified.

It was understood that W. J. McFarland, a shareholder, applied to have the Bank of Montreal's claim against the Ontario Bank assets for \$2,487,022.25, though it does not state that the amount of the claim is correct.

THE CABINET CHANGES.

There will be wide and almost un-
expected change in the cabinet of Hon.
W. T. Finlay to take effect on the 27th
of his portfolio. Mr. Finlay has been a
member of the Provincial Government
since its organization some four years
ago. His resignation makes the first
break in the ranks of the active Min-
isters, for though Hon. L. G.——
senator—dever, was a member of
the Government as originally consti-
tuted, he did not assume the direc-
tion of a department. By his ex-
pense in the Government and in the
Legislature the enforced retirement of
Mr. Finlay will be regretted, and the
sentiment will be shared very heartily
throughout the Province. Upon him
fell the duty of organizing a new de-
partment to undertake new work in a
new Province, and that work of the
very highest importance. The work
has been well done. Under his direc-
tion the Department of Agriculture
has been more than one of the most
valuable branches of the Government; it
has been an agency working steadily
and earnestly for the promotion of
that industry, whose success is the
measure of the public welfare and
whose future is the hope of our peo-
ple. The economy industry has been
sharply supported, new measures
started, and export markets secured.
Under the impetus this has now be-
come one of the most profitable
branches of the farming business. The
establishment of poultry registering
stations has opened up another pay-
ing side-line to the farmer. Educa-
tional campaigns have been carried on
for spreading information concerning
agricultural subjects among the farm-
ers, many of whom were new to the
country and necessarily somewhat
strange to conditions here. Vigorous
warfare has been carried on against
the noxious weeds. Beside supervising
the work of this department, Mr.
Finlay has performed the ever-in-
creasing duties of Provincial Secretary.
He carries into retirement the
distinction of having been honorarily
and actively associated with the es-
tablishment of Provincial Government
in Alberta, and of having directed
successfully one of the most impor-
tant departments of the first Provincial
Government during its early, and in
some respects, its most trying period.
That his success as a member of the
Government and an administrator of
a department is recognized was made
clear when at the recent election he
was returned by a very large majority
for the constituency in which he had
only a narrow margin to the good
three years before. It will be the
general hope that, relieved of the ex-
acting duties of office, Mr. Finlay's
health may be restored to him, and
that the Legislature may long have
the benefit of his ability and expe-
rience.

The retirement of Mr. Finlay neces-
sitated a reorganization of the Gov-
ernment. He is succeeded in the De-
partment of Agriculture by Mr. Dun-
can Marshall, M.P.P. for O.L.A. At
the same time Mr. W. A. Buchanan,
M.P.P., of Lethbridge, and Mr. P. E.
Lessard, M.P.P. for Paken, become
Ministers without portfolio. All three
are young men, yet men who have
proven their executive ability in the
conduct of private business affairs.
They bring to the Government the
energy of young manhood, tempered
by business experience. Two of them
are newspaper men with successful
records behind them, the third, a
member of one of Edmonton's largest
merchant firms. The constituencies
from which the new members come
are so situated as to make the new
Government much more thor-
oughly representative of the entire
Province. Technically the "southern"
portion of the Province gets two mem-
bers and the "eastern" section one.
The men who will heretofore gather
about the council table will now be
among them intimate personal know-
ledge of the conditions of the whole
Province, save perhaps this lying to
the North and which is not generally
settled. The Government will, in

its personnel be as thoroughly rep-
resentative as it could well be.

Interest in the reorganization cen-
ters naturally in the new head of the
Department of Agriculture. To the di-
rection of the important Department
Mr. Marshall brings qualifications

which should enable him to
carry on with vigor, sagacity and
success the work begun by his prede-
cessor. He comes of farming stock,
and himself owns and operates a large
farm in the constituency for which he
runs. For many years he has been en-
gaged in newspaper work, which in
this country at least, must bring to a
man of the very first order a general
knowledge of the conditions of the
agricultural industry and an insight
into some of the problems which the
farmer has to face. This knowledge
in his case has been increased by rare
opportunities for observation. For
several years he has been associated
with the organization of the party in
the Province. Incessant travelling
throughout the more settled portions
of the Province has given Mr. Mar-
shall a grasp of the general condition
of things today from the farmer's
standpoint such as perhaps no other
man possesses. His knowledge of the
problems of the farmer, and his pur-
pose by the talents of sound common sense
and executive ability with which he
has been richly endowed, Under his
direction the Department should be
able to accomplish a great deal for
promoting the welfare of that industry
on which, in this Province, the well-
fare of all others depends. His de-
claring talent will strengthen the Gov-
ernment in the House and, as he will
heretofore speak as one who knows
the truth, in the country as well.

The Montreal Board of Trade has
refused to endorse the project of the
Peace and Arbitration Society for a
celebration of the century of peace
which has permitted Montreal to grow
into the preeminent of a national met-
ropolis without being pillaged by
United States soldiers. Montreal prob-
ably has aspirations to be the most
thriving shipyard and dry dock located
somewhere on the banks of the St.
Lawrence, and in such aspiration finds
its reason why it should cultivate the
spirit of peace rather than that of
war. This is one of the incidents of
my creation. The people of Belfast
and the Clyde district would not be
expected to be very ardent advocates
of the international abandonment of
armaments.

A return has been issued by the
Secretary of State giving details of
the railway work done in Canada dur-
ing the past nine years by comparison
with the work done in the U. S. C. P. R., the G. T. P., and the C. N. R. Since Janu-
ary of 1900, 117 charters have been
granted to companies other than
those. Altogether there have been
462.5 miles of railway built under
these charters. In the meantime three
of the large companies have built
lines across the prairies from Wini-
pi to Edmonton, while the branch
lines constructed by them, probably
total as much more. It is clear that
whatever may be the future trend, we
have so far been dependent on these
four large concerns for our railway
extension. And with the enterprise
these are showing both in the exten-
sion of through lines and the develop-
ment of feeding systems, it seems
highly probable that the railway busi-
ness of Canada will be concentrated
in their hands for many years to
come. It is, of course, to be supposed
that smaller companies will build
more railway in the next de-
cade than in the past, but while the
big fellows are fighting for territory
as hotly as at present, their con-
struction will continue to many times
exceed that of their less prominent
rivals.

SMOKES FOR PRISONERS.
Dr. Chambers of Toronto Jail Thinks
This Needless Deprivation.
Toronto, Oct. 26.—A smoking room
will be added to the jail if the sugges-
tion put forward by Governor Chambers
of Toronto jail of annual Canadian
prisoners of charity and correction is ad-
opted. He said he found that ninety
per cent. of the men prisoners found
the hardest hardship in the deprivation
of tobacco. This he felt was an unnecessary
hardship, and not in the spirit of cor-
rection, but led the criminal to regard his
present in the light of retaliation.
"If every country had as many in-
mate prisoners in their jail as we have,"
declared Dr. C. E. Charteris of Cham-
bain. "It is high time that present ac-
cuses be released, or are ones built in
solidity on the increase among us."

French Senate Adjourned.
Paris, Oct. 26.—Parliament recon-
vened today. The senate following an
interpellation of the government con-
cerning relations between France and
Spain was adjourned by unanimous
consent. This action was on the re-
quest of M. Pinchon, minister of for-
eign affairs, who said that cognation
of the interpellation would involve the
discussion of the domestic affairs of
a foreign country that would be im-
proper.

Ward Contradicts Statement.
Edmonton, Oct. 26.—Premier Ward
contradicted the statement that in a
letter to Montreal he offered free land
to veterans of the South African war.

MR. HERMAN DYING OF
STONE IN THE BLADDER

Gin Pills passed the Stone

213 James St., Hamilton.
"Four years ago I was taken down
with what the doctors called inflamma-
tion of the bladder—terrible pains in the
back and loins, great pain and difficulty
in urinating. The pain was greatest in
the region of the bladder, and the attack
which became more frequent, amounted
to unbearable agony, and I began to
wonder what I could do to walk across
the street. Doctors could do nothing to help
me. My wife read in the paper about
Gin Pills and sent for a box.
From the very first I felt that Gin Pills
were doing me good. The pain was
relieved at once, and the attacks were
less frequent. In six weeks the Stone
in the bladder came out and the pain
stopped entirely. I have had no return
of the trouble and have not lost a day's
work on account of it. I cannot express
myself strong enough when I speak of
what Gin Pills have done for me. When
I remember how I suffered, and how I
am healthy and well today, I feel I must
do a full day's work, I feel I should
speak and tell other sufferers of my ex-
perience and of the wonderful merits of
Gin Pills."

JOHN HERMAN.
You don't have to buy Gin Pills to test
them. Simply write The National Drug
& Chemical Co., Dept. A7 Toronto, and
a free sample will be sent you by return

TUESDAY'S GRAIN MARKETS.
 Winnipeg, October 19.—Wheat mar-

kets weakened in the face of extremely bearish figures from almost all parts of the world and the fact that there was no startling break in the tone of the market was heavy and export demand was very light.

Wheat, 10 to 15c per bushel. Barley, 10 to 15c per bushel. Oats, 10 to 15c per bushel. Rye, 10 to 15c per bushel. Upland Hay, 10 to 15c per ton. Timothy Hay, 10 to 15c per ton.

Receipts for Monday were 277 cars, and as there was a larger percentage offered for sale than has been the case for some time, it looks as if the farmers were beginning to sell more freely. Oats were moderately active on a decline of 1/2 c.

Flax was active and advanced sharply, evidently there are still shorts uncovered. The Chicago market was active and weaker, the drop for December being 1 1/2 c.

May 15 and July 25. In Minneapolis the market was firmer than had been anticipated in the early hours, but fell off later and was dull and heavy at the close with December down 1/2 c. and May 1 1/2 c.

Receipts for Minneapolis and Duluth were 900 cars for Monday, against 720 for the same day last year. Duluth fax recorded a further decline of 1 1/2 c. for December and 1 1/2 c. for May.

Winnipeg cash wheat—No. 1 Northern, 96 1/2; No. 2 Northern, 96; No. 3 Northern, 95; No. 4, 89 1/2; No. 5, 81 1/2; rejected 1 1/2 Northern, 80 1/2; rejected 1 1/2 Northern, 80; rejected 1 1/2 Northern, 80; rejected 1 1/2 Northern, 80.

Oats—No. 2 white, 30c; No. 3 white, 28c; No. 4 white, 26c; No. 5 white, 24c; rejected 1 1/2 white, 22c; rejected 1 1/2 white, 20c.

Flax—No. 1 N.W., 1.01; No. 1 Man., 1.00; No. 2 N.W., 1.00; No. 2 Man., 1.00; No. 3 N.W., 1.00; No. 3 Man., 1.00; No. 4 N.W., 1.00; No. 4 Man., 1.00; No. 5 N.W., 1.00; No. 5 Man., 1.00.

Chicago Live Stock. Chicago, October 19.—Packers were at heights as ever, but enough outside demand developed in the hog market to start trade on a steady basis.

When the was satisfied it weakened and a concession of five per cent. had to be made, the finish being slow. It was a better trade than the early market yesterday. Supply is running very light. October receipts today were 140,000 less than a year ago.

A top was made at 7.50 and the bulk sold at 7.40 to 7.50. Cattle trade was heavy. Yesterday's supply of nearly 27,000 satisfied everybody and no urgent demand appeared from any source. Live stock trade was steady to strong.

Hog—Receipts 12,000. Market slow at yesterday's average. Mixed and butchers, 7.20 to 7.50; good heavy, 7.20 to 7.50; tough heavy, 7.15 to 7.40; light, 7.00 to 7.40; hogs, 6.40 to 7.10; bulk, 7.00 to 7.40.

Cattle—Receipts 12,000; market weak to lower. Butcher, 6.50 to 8.40; cows and heifers, 2.25 to 6.35; stockers and feeders, 3.15 to 5.25; Texas, 4.50 to 6.50; calves, 7.00 to 9.25; westerners, 4.25 to 7.50.

Sheep—Receipts 20,000; market weak. Sheep, 3.00 to 4.00; lambs, 4.10 to 4.75.

CHICAGO GRAIN MARKETS. Chicago, October 19.—After so long a time the farmers have about made up their minds that the recent level for cash wheat is not to be despised. Down at Kansas City and St. Louis there was sharp price losses, both markets suffering 1 to 2 cents and interior points in both Kansas and Nebraska reported the movement of winter wheat as much lighter. Both western crops were considerably in excess of a year ago and primary receipts reflected plenty of the "bottom"

wheat. The market was chuck full of items favorable to the bears, but strange to say there was no great amount of pressure shown. Besides a few long lines that topped early and fell later, there were short lines put out. There was a noticeable increase in the demand for cash wheat in the southeast yesterday, as published in this column yesterday, and the flour trade, too, took the "bull" feeling of a few days ago. There was no counterpart for the latter from abroad, the big markets of the old world generally showing weakness. Among the new estimates to help the bears were heavy offerings of new wheat from Liverpool, and the weather in that country for the crop and large increases in the European wheat and world's available supplies. Prices here lost 1/2 to 1 1/2 and refining prices were around bottom prices reported. The news from Russia was particularly bullish, showing large crops of wheat, rice and barley than last year. Corn showed net losses of 1/2 to 1 c. for the day. The market held firm during the early part of the session, with local professionals the best buyers and commission houses selling. Prices weakened later with weakness in wheat. Monday's advance drove in a lot of shorts and part of the relative strength gained in December, compared with May, faded away. The weather is perfect for curing and hauling. Cash prices declined slowly. Local ear lots 254 with 167 cars estimated for tomorrow. The oats market was under selling pressure from the same interests which sold heavily Monday and today. The December futures declined more as the point of attack. Cash prices were about 1/2 c. lower. Oats are not likely to advance with everything else tending downwards. Local receipts, 319 with 171 estimated for tomorrow. The demand from shorts in October last and rise advanced these articles and helped the whole provision list. The oats market was under selling pressure from the same interests which caused slight declines for next year's deliveries at the close. Trade was of a miscellaneous character and rather small in volume. 24,000 hogs estimated for tomorrow.

CALDER

REMINDS us of the good old days when the Hudson's Bay Co. sold their lots at one-third cash, the balance in one and two years at 7 p. c. It looked SAFE; it sounded SAFE; it was SAFE.

WHY?

BECAUSE it was close in to the business centre. BECAUSE it had something definite to offer.

CALDER

IS close to the G.T.P. shops.

IS selling to the G.T.P. men.

IS selling to the same people who invested in the H.B.R.

IS selling to real estate agents.

IS selling to Edmonton's sound business men.

IS selling yet at first prices.

IS selling quickly, so get a first choice now.

IS not being misrepresented to the public.

THANKSGIVING SUGGESTIONS

Store Closed
Monday, Oct. 25
Please Shop Early

THE year has been so bountiful in its blessings to the West in general, and the Edmonton territory in particular, that this annual day should indeed be a day of thanksgiving in 1909. What can we include in our suggestions? In looking round our various well stocked departments we are tempted to exclaim "what shall be excluded?" Linens must go in, of course, and we have some very dainty sets and individual pieces; then follows another suggestion for the house in some dainty lace curtains, cretonnes, washing sateens, etc. A number of these are particularly low priced. Next come at this season a few fur and winter suit suggestions; gloves, belts and sundries, and good shoes and boots for both ladies and men. We must not forget the children. This is particularly the children's store of Edmonton, so we must prepare suggestions for the young people in nearly every department. We wish to impress on all that we make a special point throughout of living up to the motto we have adopted,

"THE TRUTH IS GOOD ENOUGH"

Dainty House Furnishings

The continued popularity of Lace Curtains makes their inclusion in our "Suggestions" almost imperative. We have certainly gathered a variety worth the special attention of every thrifty housewife, for the values are better than ever and the patterns never excelled.

Do not overlook the Cretonne and Washing Sateens, nor the Madras Muslin Curtains, cream, white and colored.

LACE CURTAINS, 2 1/2 yards long, handsome designs, per pair 30c and 75c
LACE CURTAINS, 3 yards long, handsome designs, per pair \$1.00
LACE CURTAINS, 3 1/2 yards long, handsome designs, per pair \$1.25
LACE CURTAINS, 3 1/2 yards long, plain centre, 54 inches wide, per pair \$1.50, \$1.75
NOVELTY BRAIDED CURTAINS—These are beauties; per pair, values \$2.50, \$4.50
MADRAS MUSLIN CURTAINS, white, cream or in handsome colored designs, plain or tasseled, from, per yard 25c to 60c
CRETONNES in single and double widths, from 12 1/2c to 30c
WASHING SATEEN, guaranteed fast colors in light and dark shades, from 15c to 30c

Table Linen from Europe

Europe still holds the palm in the matter of fine linen. Every inch we now offer is imported from across the Atlantic. Our buyer visits the best mills of the British Isles, Germany and Austria, in order that we may be able to show our customers the daintiest patterns and the best values that can be obtained. To the complete sets of Damask Cloth and Napkins we invite special attention.

2x2 1-2 Cloth and 12 Napkins, Swiss Peak design, per set \$5.50
2x2 1-2 Cloth and 12 Napkins, Hail Spot design, per set \$6.50
2x2 1-2 Cloth and 12 Napkins, Maple Leaf design, per set \$6.50

TWO SETS ONLY, the same, but with cloth 2x3, per set \$6.75

INDIVIDUAL PIECES AND DAMASK TABLEING

We have a great variety of individual cloths from \$1.00 to \$3.00, Napkins in all sizes from \$1.20 per dozen, and an avalanche of Tray Cloths from 25c each, Lunch Cloths from 60c each, Battenberg and Drawn Work Table Centre Mats, Sideboard Scarves and Lunch Cloths.
DAMASK TABLEING, 54 to 72 inch widths, bleached, from 45c, unbleached, from 35c per yd.

Furs, Coats and Suits

FUR TRIMMED COATS make a stylish and comfortable finish to the winter costume. We would recommend any of the sterling values you can secure in this department of ours. We have them with various colored shells and the prevailing styles, ranging from \$21.00 to \$100.00.

FUR LINED AND FUR COATS—It should not be difficult to make a selection from our stocks. From the Hammer lined and Columbia sable trimmed coats at \$50.00 to the choice mink trimmed and muskrat lined garments at \$125.00, there is ample room for every woman's taste.

COATS—LARGE SIZES AT SMALL PRICES—We have a nice selection at low prices of "out sizes" in coats for those who are lucky enough to be able to wear them. Here is one style:

In black Kersey Cloth, loose fitting, stitched straps of self over shoulders, finished with satin trimming, cuffs trimmed to match. Three rows of self-piping extend from points of straps to bottom of coat; satin covered buttons at cuffs, length 40 inches, sizes 42.

Special price \$13.50
Same as above, 50 inches long. Price \$14.50

LADIES' SUITS—Here are a few particularly neat styles, and still the prices are not prohibitive:

One distinction is—A smart tailored suit of fancy striped broadcloth, 36 in., semi-fitting coat, with double rows of stitched straps of self, back and front; lined throughout with good quality mercerized linen; the skirt is in gored pleated effect; colors taupe or black, size 32 to 40. Special price \$21.00

Other very stylish suits in taupe, navy or green are offered at \$25.00

Skirt Section Looks Tempting

Here will be seen during the remainder of the week a complete range of the Fall styles, and we can promise a treat to the most fastidious in the matter of material, color or cut. The prices travel all the way from \$24.00 to \$15.00.

One tailored skirt worth noting is in striped panama, 7-gored plain effect, with a rich graduating fold of self piped with satin, and satin covered buttons from fold to top of skirt; colors navy and brown. This costs only \$6.50

Another—Clifton voile in the 8-gored pleated style; each gore has a cluster of nine 1-inch pleats stitched down to within 20 inches from bottom, forming a kilt effect from there to the foot. These are in black only, and are ticketed \$11.50

Ladies' Underwear and Sundries

GLOVES—Perrin's best make, 2 dome fasteners, black, white, green, navy, tan or brown kid; sizes 5 1/2 to 8, per pair \$1.50

Dent's Suede, silk lined, pique finish, 2 dome fasteners, grey, brown, green or wine, sizes 6 to 7 1/2, per pair \$2.00

Fownes' Tan Kid, silk lined, assorted sizes, roller fastener, dressy, per pair \$1.50

Fur Tops, and with fur lined wrists, rest wool lined, roller fastener, sizes 6 1/2 to 8, per pair \$2.00

SPECIAL CLEARANCE OF THIS LINE OF GLOVES—Rouillon make, of black, tan, brown or almost any colored kid, in most sizes. This is marked down from \$1.50 and \$1.00 to clear at 75c

BELTS, in all colors of silk elastic, plain or with cut steel or jet studing, buckles to match; also a large range in fancy and leather belting 25c to \$2.50

NECK RUCHING or Chiffon or Net Boas, in all colors and styles from \$1.50 to \$2.00

MOTOR VEILS and fancy Neck Scarfs in plain or colored silk and chiffon 75c to \$1.00

VESTS AND DRAWERS in union wool, silk and wool, natural wool and pure wool, sizes 32 to 42, each 95c to \$3.50

COMBINATION UNDERWEAR, Watson's, Penman's and Turnbull's make, white and natural colors, in union wool, natural wool and fine white, beautifully fitting garments, sizes 32 to 48, per suit \$1.00 to \$1.75

Don't Forget the Children

If Earl Grey's words regarding our young Albertans as the future men and women are to come true, they must be kept out of doors, not only for good health, but also to ensure vigorous and clear minds. Are they prepared for this? Mother, have you seen that they have good warm underclothing beneath their dresses or suits? What about their overcoats?

For outdoor wear, the footgear is very important, also the legging; we have everything here.

Come and take a look around our various departments, not forgetting the real and imitation furs.

UNDERWEAR, in plain elastic knit, natural or white, vests buttoned or plain front, drawers to match, sizes 12 to 32, each 30c

COMBINATIONS, union wool, pure and natural wool, plain elastic knit, natural color, sizes 12 to 32, per suit \$1.00 to \$1.75

SLEEPING SUITS, fleece lined, natural color, buttoned down-back, best quality, sizes 6 to 6, per suit 50c to 65c

BLACK HOSE, double knee, apliced heels and toes, sizes 5 1/2 to 8, per pair 25c

RAILROAD DEVELOPMENT ISSUE IN B. C. ELECTIONS

B.C. Government Guarantees Bonds of C.N.R. at Four Per Cent. With Provision That Six Hundred Miles From Yellowhead Be Built in Four Years.

Victoria, B.C., October 19.—With startling unexpectedness among those who were not on the inside, the announcement came tonight that the British Columbia legislature will dissolve tomorrow, following an agreement signed between the C.N.R. and the government for greatly increased railroad activity in the province. The nominations will be held November 11 and elections November 15.

The signed agreement between the government and the C.N.R. stipulates that the company shall construct 600 miles of railroad from the Yellowhead Pass to Vancouver within four years from date, the government guaranteeing the bonds at four per cent, and taking as security a first mortgage on the road in this province. It also includes the building of a railroad across Vancouver Island to Buckley Sound where the company is to establish an ocean port and one of the finest natural harbors of the island.

D. D. Martin has been in the city during the past few days and during that time he has had several conferences with Premier McBride and members of the cabinet.

The result came this evening in the above announcement.

On the morning of the company will build southward from the Yellowhead Pass to the mouth of the Fraser River, connecting with Vancouver. The line will pass through Kamloops on route following the south bank of the Fraser river. A car ferry will take over the C.N.R. will take over the charter of the Victoria and British Sound Railway, which was projected from this city to the sound, the latter being the proposed island terminus of the C.N.R. It is upon this rail road policy that the McBride government will go to the country.

TROUBLE IN REGINA COUNCIL

Ald. Wilkinson Makes Veiled Charges Against Officials.

Regina, Oct. 20.—There was a warm time at the city council meeting last night when Ald. Wilkinson, whose conduct in connection with the track site deals is to be the subject of investigations shortly let loose with a list of veiled charges implicating city officials.

There were present the Mayor, several aldermen, ex-Mayor Smith and others. His worship, Mayor Williams and Ald. Wright and Deeks, both of whom had charges made against them by Mr. Wilkinson, called upon that gentleman to make good his charges or apologize. Mr. Wilkinson preferred the latter course and practically withdrew his long list of charges.

The council has decided to submit a bylaw to the ratepayers abolishing the present ward system and reverting to the old method of election by the city at large.

Earl Grey Leaves Winnipeg.

Winnipeg, Oct. 19.—Earl Grey, Governor General of Canada, terminated his visit to Winnipeg tonight, when he left at 10:40 in a private car, at which the regular Toronto express. His Excellency will travel to Fort William. He will meet Countess Grey there tomorrow and resume the journey to the East.

MARSHALL, BUCHANAN AND LESSARD TAKEN

(Continued from Page One)

Edward became manager. He entered the business in 1901, Mr. Buchanan, the firm of Gariepy & Lessard has been continued until now. Ever since he came to Edmonton, Mr. Lessard has been actively connected with politics. He is president of the Edmonton District Liberal Association. In the autumn of 1909, together with Hon. C. W. Cross, Senator Roy, John R. Boyle, M.P.E., A. G. Harrison, James McGeorge and others, he organized the Edmonton Young Men's Liberal Association. On this organization he was secretary for five years. In the general election in March he was elected for re-election for the new constituency of Parkland.

Mrs. Lessard, before her marriage, was Miss Gariepy, the eldest daughter of J. H. Gariepy. They have four young children. Mr. Lessard has three brothers and two sisters. The brothers are: one who is connected with the Courier de l'Est, Thomas, in St. Paul de Metis, and J. L. merchant, Athabasca Landing. The sisters are: Mrs. Wilfrid Gariepy and Mrs. J. T. Feron, St. Joseph, Quebec.

TWIN PROVINCE WILL EXHIBIT

Saskatchewan May Expend More or Less Than \$250,000.

Winnipeg, Oct. 19.—Hugh Sutherland, chairman of the committee of International Exhibition and the Canadian Centennial, referring to the reply of the Saskatchewan government, said tonight:

"We have had the reply of the Saskatchewan government for the past couple of weeks and we consider it quite satisfactory. The reply states that the province will make a satisfactory exhibit and that it will accept any government to do. Of course they do not state that they will spend \$250,000 or any other sum, but it was hardly expected they would, as the results of the case in making a satisfactory exhibit, may require perhaps more perhaps less than that amount."

The confidence of the man behind the gun

Unsuccessful marksmanship is due largely to want of confidence in the gun.

In shooting, the gun should be forthright. A man does not question his eye or his hand and the gun should be just as dependable.

THE ROSS SPOTLIGHT RIFLE

is absolutely reliable under all conditions. It is made with the same precision and care as the celebrated Ross Rifle. He testifies that he would.

If your local dealer is without a supply of the Ross Rifle write to the Company direct for catalogue.

Prices \$25.00 and up.
